Kerala Cabinet passes resolution against leasing airport to Adani

CM says airport's management should be handed over to an SPV in which state govt has a stake

TE NARASIMHAN
Chennai, 24 August

The Kerala Assembly on Monday passed a "unanimous resolution" demanding the withdrawal of Union Cabinet's decision to lease out the Thiruvananthapuram airport to Adani Enterprises.

Moving the resolution, Kerala Chief Minister Pinarayi Vijayan said the Centre should re-examine its decision. He said the operation and management of the airport should be handed over to a special purpose vehicle (SPV) in which the state government has a stake.

Vijayan added that the state government agreed to match Adani's quote, and, hence, the Centre's decision to privatise could not be justified.

Leader of the Opposition in the Assembly, Ramesh Chennithala of the Congress, supported the resolution. However, he criticised the government accusing it of having "double standards" on the issue.

He said the government attacked Adani Group in public, but had secretly helped it by consulting a law firm close to the conglomerate and alleged that there was a "criminal conspiracy".

Union Civil Aviation Minister Hardeep Singh Puri had earlier said Kerala's bid was 20 per cent below Adani's

Chennithala also wanted to know why CIAL had not been appointed as consultant. "There is a conspiracy to help Adani Group," Chennithala alleged. "Keeping in mind the state's interests, the Opposition is supporting the motion and we agree with the spirit of the resolution." Vijayan rubbished the Congress leader's charges, saying the advisory firm had no role to play in

deciding the state's quote. After a brief discussion, Speaker P Sreeramakrishnan declared that the resolution had been "passed unanimously". However, the Bharatiya Janata Party (BJP), which had organised a protest outside the Assembly demanding the chief minister's resignation over the gold smuggling case, alleged the resolution was not "unani-

mous" as its lone representative in the House, O Rajagopal, was "not allowed to speak". "But, we are with the people of the state on the airport matter," BJP state chief K Surendran told the media.

Adani Group's didn't reply to a request seeking comment. Responding to the development, Minister of State (MoS) for External Affairs, V Muralledharan, said, "Passage of a resolution opposing the development... by Kerala Assembly proves that both (Congress and CPI-M) lost touch with people. It does not reflect the mood of the people, which is for development & growth".

Meanwhile, responding to Congress MP Shashi Tharoor's criticism of the government, Kerala Finance Minister Thomas Isaac tweeted: "Our business model is CIAL (Cochin International Airport). Government major stakeholder with rights to appoint Chair & MD and widely distributed shareholding. This is our version of PPP".

The Union Civil Aviation Minister Hardeep S Puri had hit back at the Kerala government last week. He had said Kerala's bid was 20 per cent below Adani's.

Indiabulls Housing in talks with Oaktree to raise \$200 mn in debt

Firms signed a similar deal 3 months ago

RAGHAVENDRA KAMATH
Mumbai, 24 August

Indiabulls Housing Finance is in the final stages of negotiating a deal with Oaktree to raise \$200 million (₹1,500 crore) in debt, said sources in the know, the second such deal between the two in the past three months.

Like in the previous deal, Indiabulls will pledge some developer loans with the global stressed assets investor, which will come in as a senior lender. Oaktree will have the first right on projects' cash flows, sources said.

Indiabulls had raised ₹2,200 crore from Oaktree in June by refinancing part of its real estate deals with the US-based investor through non-convertible debentures. When contacted, Oaktree said: "No comment". An email sent to Indiabulls Housing Finance did not elicit any response.

BIZ STRATEGY

WHAT'S UP
₹69,676 cr: the size of Indiabulls' loan book as of March 2020

₹25,000 cr: the firm's developer loans in FY20

₹2,200 cr: the amount raised by Indiabulls from Oaktree early this year

ROAD MAP

Indiabulls is looking to reduce wholesale loans; increase retail loans

It is also working on similar debt deals with other investors

Industry scene

Several NBFCs and HFCs are in talks with special situation funds such as SSG Capital, Oaktree and others to sell or refinance their developer loans.

Piramal Capital & Housing Finance is in the final stages of talks with Apollo Global Management to raise between \$300 million and \$500 million in a deal similar to the Indiabulls-Oaktree arrangement.

ECL Finance, the NBFC arm of Edelweiss Group, also sold real estate loans worth ₹4,000 crore to Farallon Capital and SSG Capital, according to recent reports.

Edelweiss Group has recently finalised a sell-down transaction of ₹4,000 crore with two global investors in continuation of the strategy to move wholesale book into fund format, its spokesperson told *Business Standard* recently.

"We intend to sell-down another ₹3,000 crore of wholesale portfolio in FY21 and plan to bring it down to zero in next two years," the spokesperson had said.

In another development, assets of Embassy Group were merged with Indiabulls Real Estate to create a new company. This is a part of the promoters' plans to exit the real estate business.

More employees being rated poorly as firms cut costs

SACHIN P MAMPATTA
Mumbai, 24 August

The proportion of employees whose performance is rated below average has gone up amid falling revenues and deferred increment decisions.

The proportion of employees whose performance is seen to be above average is also seen falling in the current financial year ending March 2021 (FY21).

The data is based on Deloitte Touche Tohmatsu India's 2020 Workforce and Increment Trends Survey Results (phase II). More people are also being rated average shows the data.

Source: Deloitte Touche Tohmatsu India 2020 Workforce and Increment Trends Survey Results (Phase II)

"While more organisations are now comfortable putting more employees below the 'meets expectations' category, increment

differentiation between the top and average performers continues to be the same as in 2019. The consumer products industry has been more

aggressive in sharpening the bell curve, while the life sciences sector has made minimum changes," said the report.

It added that there are fewer companies have decided to give out increments at all. Only four out of ten have taken the decision to pay employees higher than before. Over a quarter of companies are still undecided on increments, according to the report.

Fewer than 10 per cent of the companies have given double-digit increments, according to the report. Those that had their increment cycle close before the lockdown gave higher increments.
